Experience

UI/UX Designer – To-Do List App (Figma)

Self Project

- Designed a complete To-Do List application UI using Figma, including task creation, task listing, editing, and deletion flows.
- Created user flows, wireframes, and high-fidelity screens following core UI/UX principles.
- Designed 8+ application screens with a focus on usability, alignment, and visual consistency.
- Applied user-centered design principles to improve navigation and task management flow.
- Completed the project independently as part of an academic/self-learning initiative.
